

Sock-stravaganza!

If you have knit or crocheted a pair of socks, you already know the fun and excitement that can come from these pint-sized projects. From building up to and finally turning your first (or twentieth) heel, to watching a jacquard patterned yarn unfold before your eyes - these are the moments knitters and crocheters live for. Simple or patterned, solid or self-stripping, handmade socks are long-lasting, comfy, and a great transition for beginners ready to go beyond the scarf and try something new.

Delicious New Shades of Patons Stretch Socks!

Patons Stretch Socks, with 7% Elastic, is great for making soft and beautiful socks that stay on and stay up. These four new shades add to the colorful and fun dynamic of this stretchy and easy-to-use yarn. From the gentle and unexpected harmony of Caramel Cream Stripes (31014) to the warmth of Pumpkin Spice Jacquard (31610), these self-patterning yarns work up into beautiful (and very wearable) works of art.

New Shades of Patons Kroy Socks FX!

We're introducing three new shades of Patons Kroy Socks FX that incorporate the beautiful heathered gradient effect that makes Patons Kroy FX so impressive. Camel Colors (57011) works in shades of brown and taupe, while Calla Lily Colors (57211) takes its cue from the delicacy and hue of the flower of the same name. Camelot Colors (57310) stands proud with deep, regal amethyst and red undertones.
