Greetings from Patons®

It's hard to believe that in just 16 weeks the bun will be out of the oven.

My first pregnancy is moving along quickly; I must say, this baby has been a dream to carry! For starters the sickness has been minimal, leaving me with plenty of energy to knit. Lots of hats and tiny booties are on my project list. I will also probably make the "Quilt Look Blanket" from Patons® new baby book "Beehive Bundles" - it's easy and especially quick with Patons® Beehive Baby Chunky.

I'm starting to realize that I may not finish everything I want to knit before the baby arrives. Yikes! But overall I'm doing great. I still feel good and the little one is bouncing around like a jumping bean. We can't wait to meet him!
