Introducing NEW Patons® Stretch Socks (that's right – sock yarn with 'streeeeeeeeetch'!

[Patons® Stretch Socks](#) is a brand-new lightweight sock yarn that's perfect to wear all year long. A touch of elastic allows the yarn to streeeeetch and helps maintain the sock's shape. It's breathable and comfortable - great for all kinds of socks. Crisp stitch definition makes your knitting or crocheting look neat and even. Seven colorful variegated shades are fun to work with and even more fun to wear.
