

New Yarn: Patons Lace Sequin

Make a statement with the new Patons Lace Sequin! This sister yarn to our popular Patons Lace is a blend of acrylic, polyester, wool, and mohair that makes it extremely soft and helps the yarn maintain a classic, laceweight look.

Patons Lace Sequin features eight vibrant, solid shades that get a spectacular feminine twist from the sequins woven into the yarn. These sequins will add a special sparkle to your projects that will definitely get them noticed!

Whether you're an experienced knitter or crocheter looking for something new, or a novice knitter looking for fun, you'll love how easy Patons Lace Sequin is to work with!

Free Patons Lace Sequin Patterns
