

For the Home

Our largest and most complete range, Patons Canadiana has inspiring color options for your home decor. Looking for an accent in your living space? The stepping shades of Patons Canadiana mean you can easily coordinate colors, both by shade (green, amethyst, teal), and by brightness (light, medium, dark).

To get you started, we're announcing the release of two new Patons pattern books featuring the new generation of Patons Canadiana. The first, *Cool for School*, is a treasure chest of garment and accessory patterns for kids. The second, *At Home*, is a new pattern book featuring the amazing home decor options available using the Patons Canadiana shade range. Enjoy!

New Patons Canadiana Pattern Book At Home

New Patons Pattern book #500881, At Home features eight innovative afghan designs to knit and crochet. Inspired by the extensive Patons Canadiana shade range, At home starts with the color groupings above, but goes beyond it for extra punch. Combining neutrals and home decor shades, adding brights to the modern range - At Home helps you take a look outside of your typical palette.
