Introducing the NEW Patons® Website!

We've got a brand-new look—and what a great look it is! But there's a lot more to it than just a fresh coat of paint—under the hood we've packed lots of great new features to help you get the most out of everything this great site has to offer.

Search Yarns, Free Patterns, and Pattern Books

To make it easier to find exactly what you're looking for, you can now search on each of our [Yarns](#), [Free Patterns](#), and [Pattern Book](#) pages. Just look for the "Search" box at the top of these pages and type in what you are looking for—it's instant information at your fingertips!

"My Hive"

Have you ever wished that there was an easy way to save your favorite yarns, patterns or pattern books so you can refer to them later? Well, now you can! As a special feature just for our members, we've created your very own space to store your special items—no more searching for the same things each time you come back to our site—you can create your very own database of the Patons® items you love the most. When you are logged in to the Patons® website as a member, just click the "Add to My Hive" button on any yarn, free pattern, or pattern book page and it will automatically be added to your "Hive". You can find your collection again by clicking the "My Hive" link at the top of any page when you are logged in. It's that easy!

Login Change

The procedure for logging in has changed slightly. Instead of a nickname, your user name is now the **email address you used to register for your account**. Your password has not changed.

Check out these great new features and more! You'll find the site faster and easier to find exactly what you are looking for. We welcome your feedback so let us know what you think!
