## Greetings from Patons®

September...the end of summer, my daughter's first day of school and the return to Patons® from an amazing maternity leave with my son. Working as sales and marketing support for Patons®, I love seeing the development of new yarns, from the beginning ideas to the finished product in the stores. Naturally, I am drawn to the fabulous baby yarns like the soft and cuddly Patons® Beehive Baby Chunky and I know just the little boy who will look adorable in the Patons® Beehive Baby Chunky Hoodie in the Swifter Sea shade (check out the [free pattern](#)). This chunky weight yarn knits and crochets quickly which is the perfect choice for busy moms.
